

## County Convention of Women's Federated Clubs Held at Narberth

COMMUNITY CLUB WILL ENTER-  
TAIN STATE PRESIDENT,  
COUNTY PRESIDENTS  
AND DELEGATES  
FROM CLUBS

On Thursday, May 5th, the Narberth Community Club will have the pleasure of entertaining the County Convention of Women's Federated Clubs. It will be held in the Presbyterian Church. The morning session will open at 10.30, to be followed by a box luncheon. There will be an entertainment at 2 o'clock, to which all the women of Narberth are invited.

Mrs. Robert Ralston, the president of the Montgomery County Federation, will officiate. It is a great honor to Narberth and to the county, to have secured as one of the speakers, the State President, Miss Florence Dibert. Miss Dibert comes from Harrisburg to attend this meeting, and will address the morning session. The presidents of Bucks, Delaware, and Chester Counties will also be present, and will report the club activities of their respective counties. Miss Anna McDowell, of Harrisburg will be another speaker of the day. Miss McDowell will be well worth hearing, and there may be still other treats in store during the day. Mrs. Ralston will have a most instructive and entertaining program arranged.

## The Race is On!

It has started! The Men's Bible Class of the Presbyterian Sunday School started it. They had the temerity to challenge the Women's Bible Class of the same school to a contest to see which class can secure the largest percentage of attendance at evening worship during the five Sundays of May. That looks easy to the women. Unanimously and confidently the challenge was accepted, and now the race is on. The mails are being flooded with insistent demands to be present next Sunday. Door bells are being rung, and every member is being importuned by every other member not to fail. Woe be to the slacker in either class next Sunday night. It would be better for such an one that he or she had never been enrolled as a member! One enthusiastic woman sadly announced that she of necessity must be in Altoona next Sunday, but she dispelled the gloom that was gathering thick and fast in the Women's Class by triumphantly declaring that she would see to it that her husband, who is a member of the Men's Class, would be absent too. It is sincerely to be hoped that the month will pass without any serious domestic tragedies. It should be added that the loser is to provide an entertainment for both classes to be held early in June.

## Our Clean Up Week

The City of Philadelphia, according to Mr. Mitten's ears, has decided to follow Narberth in selecting their dates for a "clean up."

May 2 to May 6

On regular ash collection days the Borough Highway Department will remove anything from a broken needle to a bed spring from our property, provided, of course, it is placed in view of the collectors. Burnable materials, such as dry leaves and twigs, should be burned in the garden in an incinerator or wire basket so that sparks won't fly to a shingle roof; or they can be placed on the compost heap. Don't place a barrel near the sidewalk and fill it with bricks and rocks, the bricks and rocks will come in handy—and besides—Sandow has quit collecting ashes and rubbish.

If you object to a pile of tin cans or bottles, that will make places for mosquitos to breed on a neighboring lot, have them collected in a pile and they will be removed.

This is our last chance to get rid of rubbish other than garbage and ashes until next May, so let us take advantage of the opportunity and CLEAN UP.

Ashes will be collected regularly during the summer—the last week in the month only.

## New Tennis Courts are about Ready

WILL BE COMPLETED AND READY  
FOR PLAYING BY SATURDAY,  
MAY 7th

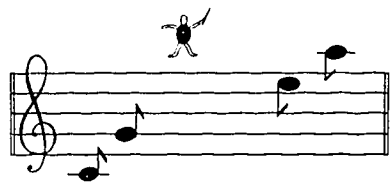

Two important dates have just been put on the local "tennis calendar," and are hereby called to the attention of every member of the Narberth Tennis Association—May 7 and May 13.

On the former date, next Saturday afternoon, May 7—unless a streak of bad weather intervenes, the new courts at Haverford and Montgomery avenues, will be ready for playing, and the season of 1921 will be opened.

On the latter date, Friday evening, May 13, in the community room in the Y. M. C. A. building, an important

## THE FIRESIDE

Do you know the pleasure of growing flowers?

How many "fireside" notes have you sent in recently?

The business of the new bus line is "picking up."

Miss Mollie Lynch, of Essex Ave., has returned from an extended trip to Europe.

Mr. and Mrs. M. A. McGrilles spent the day last Friday with their aunt, Mrs. J. R. Davis, in West Philadelphia.

Miss Maizie J. Simpson has returned from a several weeks' visit at Brattleboro, Vermont.

Mrs. Chas. M. Irvin and children, Dorothy and Charles, have returned from a week's visit at Asbury Park, N. J.

Everybody wants to help the Juniors—their play—(two nights) May 6th and 7th will be great. School Auditorium.

The Woman's Foreign Missionary Society of the Methodist Church will be entertained at the home of Mrs. Arthur Sleath, 104 Forrest Avenue, on Monday afternoon, May 2, at 2.30.

## Success of the Season to be Staged Next Week

JUNIORS' MUSICAL COMEDY REMARKABLE FOR ITS BEAUTY, MUSIC AND DANCING.

"The Garden of the Shah," the three-act musical comedy to be given by the Junior Section, Women's Community Club, in the High School Auditorium, next Friday and Saturday evenings, at 8.15 P. M., promises to be one of the most notable entertainments Narberth has witnessed this season. With an all-star cast of talented singers, and a lovely chorus of sixteen "Persian Roses," the foundations have been laid for a show which everyone will enjoy. If it is music which pleases you, then come and hear the haunting lyrics and lilting love-songs of old Persia; if it is dancing you enjoy, come and wonder at the graceful and intricate steps of the chorus; or if it is comedy you like, come and be made merry by the inimitable humor of "Sam'l Johnson Jackson." In short, if you want to see a good, all-round show, just enter the Auditorium either Friday or

Saturday night—or both—and be one of the fortunate audience of the "Garden of the Shah."

The cast includes:

Sohlah ..... Marian Haws  
Zohdah ..... Augusta Witherow  
Nowobeh ..... Emma Mueller  
Ted Harding ..... Florentina Mueller  
Billy Cummings ..... Winifred Williams  
Sam'l Johnson Jackson ..... Ruth Haws  
Perunah ..... Margaret Fowler  
Someeraba ..... Ella Dothard

And sixteen "Persian Roses" in the chorus!

Besides this, after the show the floors are to be cleared and a five-piece orchestra will offer the latest "jazz" strains. So consider these attractions and the very small admission price—75 cents—and ask what could keep you away. We know the answer—it is "Nothing!"—so we shall look for you!

## Narberth Girl Helps Endowment

WILSON COLLEGE IS STRIVING  
FOR \$500,000 FUND.

Much invention in ways and means has developed from the necessity for an endowment fund at Wilson College, Chambersburg, Pa. Many unique methods of raising individual and class quotas toward the fund have been adopted with a range from shoe shining in the dormitories to selling hair nets.

A Narberth girl, Mary Chalfont, who is a Sophomore at Wilson this year, chose an interesting method of raising her part of the Sophomore quota and is selling woolen yarn to the sweater and scarf knitters, giving her commission to the fund. Miss Chalfont has added the study of pipe organ playing to her course at Wilson and has played at numbers of student recitals.

In the appeal now being made for a half-million endowment fund by this college, toward which the students are making a large contribution, there is brought to light much interesting history in connection with the half century of usefulness which Wilson College boasts.

When "Aunt Sally Wilson," pioneer of Franklin County and daughter of a thrifty farmer who had prospered, gave \$30,000 to found Wilson College, she had visions of making possible to many girls the higher education which she herself had missed. No "finishing school" of the type popular in that day was the ideal of Aunt Sally. Wilson College, a Presbyterian institution, was founded "to extend to young ladies the same high advantages for a thorough education—physical, moral and religious—as now afforded to young men in the best colleges in the land."

From that worthy beginning, Wilson College has forged its way, passing through difficult years financially, but always maintaining the same high ideals with which it began. Wilson has a marked record in supplying teachers and leaders, as it has given forty per cent. of its alumnae to the teaching profession, many others to mission work in foreign lands, and sent out thousands of young women into homes as Christian leaders in their respective communities.

Today this college is facing a crisis. Under the plan of standardization adopted by the Association of Colleges and Preparatory Schools of the Middle States and Maryland, an endowment of \$500,000 is essential in order that a college may be listed as standard. Though it fulfills every other condition specified, Wilson College lacks the half-million endowment.

## Community Club Notes

The Community Club will meet with the County Federation on Thursday, May 5th, in the Presbyterian Church. Because of this meeting there will be no regular meeting held on Tuesday.

Any Club member wishing to take the automobile ride to Valley Forge on May 10th, will have an opportunity to engage passage at the Convention on Thursday, as there are still vacancies. There will be a nominal charge to cover expenses.

## JUNIOR SECTION, WOMEN'S COMMUNITY CLUB.

The last meeting of the Junior Section was held at the home of Mrs. Robert Nash, Grayling Avenue, on Thursday evening, April 21. There were about thirty members present, and after a short business meeting the Club indulged in a general good time. Mrs. G. L. Brown, Chairman of entertainment for the evening, arranged an old-fashioned spelling bee, with Miss Dorothy Bottoms captain of one side and Mrs. Horace Moore of the other.

After quite a thrilling battle, with members of each side falling like toppling before such thrusts as "sarsaparilla" and "xylophone," the victory was claimed by Mrs. Moore's army. Refreshments were served and the Club adjourned. The next regular meeting of Thursday, May 5, will be postponed for another two weeks, as the 5th is the night of dress rehearsal for the Juniors' big show.

The Senior Club has invited the Juniors to take advantage of its Library privileges. For the convenience of the Juniors not at home during the day, Mrs. R. F. Wood, whose home on Avon Road is the Library's headquarters, has consented to keep the Library "open for business" to the Juniors on Friday evenings, between 7 and 8 P. M. So Juniors, heed your good fortune and go select some good reading matter from the excellent assortment in the Seniors' Library.

## LEISURE HOURS.

As the character of the man depends very much on how he spends his leisure hours while a boy and a young man, parents should see to it that the leisure hours of the boys are well spent.

Teach your children to read the Book of Nature. Encourage them to learn the names of plants, flowers and the different kinds of trees which grow in the forests or by the roadside; also help them to observe insects, birds, animals and their habits, and, above all, teach them always to treat them kindly.—Ex.

## Editorial

### "THE GARDEN OF THE SHAH"

Another excellent entertainment will be offered us in the musical comedy to be presented to us by the Junior Community Club on next Friday and Saturday nights.

This will make the third first-class production in as many weeks. Quite a record for a town the size of Narberth.

The girls of the Junior Community Club are active and enthusiastic, and we all look forward to an evening of lively entertainment and real talent.

To the Editor of Our Town:

What has happened to the old spirit which used to be so noticeable in the High School?

When one looks back a year or so to the enthusiasm for athletics and the real school spirit of that time, it is hard to believe it is the same school, and many of the same students.

Isn't it about time someone up there on the hill started something? Can't we have a little of the old spirit of friendship and good fun which used to be so noticeable, especially to those living near the school.

Come on, students. Get busy!

—AN ALUMENUS.

### REFORESTING PROGRESSES

Harrisburg, Pa., April 25.—The Pennsylvania Department of Forestry expects to grow about 15,000,000 trees for reforesting 10,000 acres of waste land in this State from the seed it is planting in its forest tree nurseries this spring. All of the seeds will be sowed by May 1.

The Department has collected 700 pounds of white pine, hemlock, and black locust seed, and 260 bushels of black walnuts, acorns, and ash and maple seeds. Six hundred and sixty pounds of pine, spruce, and larch seed have been purchased by the Department.

Smith—"Who are you working for now?"

Jones—"Same people—wife and five children."

### FRANKLIN ON THE POSTAGE STAMP

For seventy-three years the country has honored Franklin continually by printing his portrait on the postage stamps and, most of the time on stamps of the lowest value and in constant daily use.

The first postage stamps issued by the United States appeared in 1847. There were two values 5 cent and 10 cent. The 5 cent stamp bore the portrait of Franklin. Why? Perhaps because he was the first Postmaster General of the American Colonies under George III.

When postage was decreased in 1851 the one-cent stamp bore Franklin's portrait. Every issue and design of one-cent stamp contained his portrait up till 1912, when the portrait of Franklin was removed from the one-cent stamp and placed upon the 8, 9, 10, 11, 12, 13, 15, 20, 30, 50-cent and \$1, and in 1918 on the \$2 and \$5.

### REPORT OF FIRE LOSSES.

Harrisburg, Pa., April 2, 1921.—The Bureau of Fire Protection has just completed a five-years analysis of fire losses in Montgomery County.

When 70 per cent. of all fires are shown to be due to neglect or carelessness, the price paid is beyond all reason.

With the co-operation of the various Fire Chief, the Bureau of Fire Protection, by increased number of inspections and removal of hazards, hopes to reduce the losses in 1921 an appreciable extent.

With the idea of protection in view, all citizens should immediately co-operate with the Fire Chief by removing rubbish and debris from premises, remove any hazardous condition and keep properties in as near a fireproof condition as possible.

### HOT STUFF.

Some of the corn liquor being made down South nowadays has a potency all its own. They tell this story in illustration:

In the North Carolina mountains two darkies opened a jug and in doing so spilled a little. One drop fell on a tumble bug, who immediately dropped his ball, clicked his heels together, threw back his shoulders and, backing up to a bale of cotton the two negroes had been carrying, snorted:

"All right, big boy. Let's go!"  
—American Legion Weekly.

Crookedness never pays in the long run. Look at the corkscrew—out of a job.

So live that you can sleep o' nights.

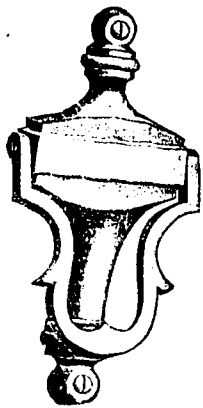

Mother—"What kind of a show did papa take you to see while you were in the city?"

Bobby—"It was a dandy show, mamma, with ladies dressed in stockings clear up to their necks."

Pompous Lady—"Must I put this stamp on myself?"

Post Office Clerk—"Well, you can if you like, but it is usual to put it on the letter."

A fat man has another advantage over his thin brethren—he knows exactly where his cigar ashes are going to land.

### RECOLLECTIONS, OBSERVATIONS AND COMMENTS BY AN OLD TIMER.

A friend of ours dropped in the other evening and talked away two hours of valuable time. It seemed that he was contemplating an enlistment in the navy. If he does, his talents are wasted, he ought to enlist in the Victor Talking Machine Co.

It is not the policy of any paper to dispense free advertising, but this one is too good to keep. George Mannus, so the story goes, who draws the "Bringing up Father" cartoons in the "Bulletin," was once engaged to a young lady whose parents were not in favor of the match. Accordingly it was broken off and George, in revenge started to draw caricatures of the father and mother. The character of the heartless couple is said to be exactly as drawn and the girl to be every bit as pretty.

Someone has requested that poetry be included in the column. Very well, here goes:

Narberth is the garden spot,  
In summer, cold; in winter, hot.

We are informed that years ago when Narberth was called Elm, a real estate promoter attempted to "boom" the sale of lots on the South Side. The thing fell flat and for some time afterward that locality was known as "Slippery Elm."

About the same time the North Side was one vast marsh, one of our friends having informed us that a favorite pastime while standing on the station platform waiting for the train, was to throw stones at the frogs. This earned the title of "Ponds Extract" for that region.

The residents of several streets in the town seem to think that the middle of the sidewalk is the proper place to store the children's playthings over night. Several times in the last month while hurrying to get home before nine o'clock, we have nearly smashed the pavement as a result of falling over express wagons, velocipedes, coasters, etc., left out to enjoy the evening air. We give notice now that we will not be held responsible for any damage to the pavement.

If there are any readers considering the purchase of the above-mentioned articles, we could supply them with second hand ones at a very reasonable price. The delivery is rather uncertain, however.

The new bus line has pretty nearly put us in the hospital. Not that any accident occurred, but we have taken advantage of the opportunity to miss the last train too often for it to have anything but a bad effect on our health.  
Old Timer.

### "CLEAN UP WEEK"

It has been decided that the first week of May shall be CLEAN UP WEEK for the Borough of Narberth. Let's get rid of all that rubbish that has been collecting in our cellars, yards and vacant lot for the past year. The Borough force will collect anything that you put out on the same days that the ashes were collected.

Geo. B. Suplee,  
Street Commissioner.

Worker—"Mr. Bigman, I should like very much to have an increase in my wages. I was married yesterday."

Employer—"I'm sorry, my good man; we can't do it. The company is not responsible for accidents which happen to our employees outside the factory."

### QUESTIONS AND ANSWERS

Write your questions on any garden subject—trees, shrubs, lawns, flowers, vegetables or birds, addressing your inquiry to The Garden Club, Box 118. Your questions will be referred to one who is qualified to answer and reply will appear in the next issue.

**Q.** What is the right date to plant dahlias?

**A.** Dahlias can be planted any time after May 1st and will bloom all summer until cut down by frost, the plants however will get "woody" and the flowers later in the season will get smaller. The best time to plant in this locality is about June 15th, so that when plants bloom after August 15th they will flower on young growth.

**Q.** When can gladioli be planted for best results?

**A.** Why not plant gladioli bulbs so that they will bloom in late July and early August when other flowers are scarce. As the bulbs flower in from 60 to 80 days, depending on the variety, condition of bulb, location of planting and weather, it would seem better to plant some of each variety on April 30, May 7, May 14, and May 21. This will give the bulbs a chance to ripen well before they are dug up and they will be in good condition for the following season.

Not to be included in the list of standard colleges would be a disaster to this Presbyterian school, as its many alumnae who are now teaching would hold degrees which would not qualify them for teacher's certificates or admit them to universities for advanced study.

Already loyal alumnae have pledged \$150,000, and the New Era Movement of the Presbyterian Church has promised \$100,000, the gift contingent upon the college raising \$400,000. This leaves \$250,000 to be raised. Since Wilson College has always been in close sympathy with the Presbyterian Church and is the only Presbyterian college for women in the East, the present appeal is directed first of all to Presbyterians. Many hundreds of young women have been trained for the work of this church by Wilson College, both for the home and foreign fields.

The cause of the college, however, is one which interests all those who wish to promote higher education for women of the type which develops Christian leaders. The faculty is not restricted in its members to Presbyterians. Students are admitted to Wilson regardless of creed, and the large percentage of graduates who go forth as teachers carry the gifts from their alma mater to schools of every type in this country and to many missions abroad. There are more high school teachers from Wilson College in Pennsylvania and the adjacent States of New Jersey, Delaware and Maryland, than from any other woman's college.

A series of local fund-raising campaigns, conducted by the alumnae and friends of Wilson College in the different sections of Pennsylvania and neighboring States, are now being organized. The local centres in Pennsylvania of these campaigns are Philadelphia, Pittsburgh, Harrisburg, Easton, Scranton, Altoona, Johnstown and Warren.

The headquarters in Philadelphia are at 425 Bulletin Building, and many local women here have lent assistance to the Philadelphia force.

When the large contribution of this small college is considered, a generous response to its need is prophesied by the alumnae and students.

### THINGS TO THINK ABOUT.

The air borne commerce of England in 1920 was valued at \$20,000,000. It consisted mainly of women's clothing on the import side and men's clothing on the export side. It appears, therefore, that in her air trade England exchanges men's caps and coats for women's hats and petticoats.

Edicts restricting marriages issued by the religious sects of India are held partly responsible for the recent declines in the price of silver. Gifts of silver and of silver ornaments accompany all marriage ceremonies in India, and the edicts are said to have been inspired by hopes that the resulting great decrease in the demand for silver would help improve India's position in the exchange market.—From the American Exchange National Bank.

The above department should be of the greatest use to the community, the list contains the name of every professional man, tradesman, mechanic, shopkeeper, etc., who does or can in any way serve his fellow townsman, and who is progressive enough to add name to list of Register.

As it is difficult for those contributing their time and efforts to the production of "Our Town" to personally either know or interview all such, it would be most helpful if those not now found in the printed list would send in a memo of their names, address, phone numbers and businesses or professions for listing. This will cost as follows: 10 cents each issue for 3 lines; 5 cents for each additional line.

### THE LAZY MAN.

It is well to bear in mind that we owe much to lazy men. The lazy man usually works more scientifically than a so-called hustler. For the lazy man uses his head to avoid the squandering of needless effort. A lazy bricklayer makes the fewest number of unnecessary motions; a lazy waiter never brings a dish to the table without taking an empty one away to avoid making an extra trip. Keep an eye on the lazy men working for you. They are not unlikely to originate valuable labor-saving ideas.—The Nation's Business.

### New Tennis Courts are about Ready

(Continued from Page 1)

business meeting of the Association will be held. Every member is urged to attend this meeting as several important amendments to the constitution will be submitted for consideration and vote.

Since the Tennis Association's annual meeting, two important appointments have been made by President Pattison and the Board of Governors. Walter Cowin has been appointed chairman of the Grounds Committee, and Carl Metzger has been appointed chairman of the Entertainment Committee. These are probably the two most important committees in the Association and the members should feel gratified that they are headed by men of such exceptional ability.

#### New Courts a Credit to Narberth

The work of the Board of Trustees, which has full charge of the development of the new grounds project, is another matter that is deserving of public commendation. The development is one that will be a distinct asset to Narberth, and of which every citizen—whether he is a tennis player or not, may well be proud.

The new courts are rapidly nearing completion and, as forecast in the opening paragraph, unless bad weather interferes with the work, they will be ready for playing on next Saturday, May 7.

The seven courts planned for this season, are being built by Moses Lane, of Ardmore, one of the best and most experienced men engaged in this kind of work, in the East. He built a number of the courts at the Merion Cricket Club at Haverford, and also courts in Germantown. He also has the contract for erecting the back stops, which will be twelve feet high; the wire being held in place by substantial iron posts and top pieces.

The new courts will be among the very best in this section of the country. The three upper courts will be topped with three inches of rolled clay. On the four lower courts, to provide the proper drainage, it was necessary to put on an eight inch layer of cinders, which were rolled to a firm, substantial foundation. Six inches of rolled clay covers the cinders. Over all seven courts will be placed a final top dressing, consisting of a thin coating of macadam dust—three tons to each court, which will not only act as a binder, and also make the courts fast, but at the same time make them dry, after a heavy rain, much quicker than they would under ordinary circumstances.

#### A Big Year for Tennis

While the Association's membership is not yet full, new members are coming in quite rapidly. Members who have friends whom they want to pro-

pose for membership are urged to send in the names and addresses of prospective members at the earliest possible date. New residents in the Borough who either play tennis, or are anxious to learn, and would like to join the Association, are also urged to get in touch with members as soon as possible.

The coming tennis season here in Narberth, as is the case everywhere throughout the country, promises to be the biggest and most popular season in the history of the game. There seems to be more general interest in tennis this year than ever, and Narberth, in this respect, as in every other, promises to uphold its reputation as a thoroughly up-to-date, wide-awake community.

### COUNTY CONVENTION OF WOMEN'S FEDERATED CLUBS HELD AT NARBERTH

(Continued from Page 1)

Every Narberth club woman should mark the 5th of May as the most necessary day to be free from any other engagements, that she may attend the all day session of the County Federation. It may be years before Narberth will again have the opportunity to have her neighboring clubs meet with her, and to hear such representative women. The box luncheon is always a most informal get-together hour at these conventions; and during the afternoon there will be music and other entertaining features. The afternoon is an open meeting to all women, whether or not they are club members.

At the Presbyterian Church on Thursday, May 5th, opening at 10.30 A. M.

### Narberth Choral Society

(Continued from Page 1)

with the idea of producing a concert of especial appeal to the average person who enjoys good music, and will have intermingled some familiar songs which we all know and love.

Mr. Nicholas Thouron, of Merion, gave a very instructive talk on the rudiments and qualifications of choral organizations, pointing out essential factors to be kept in mind, and the "rocks" that a musical organization should avoid. Mr. Thouron also related the details connected with the founding of the Orpheus Club, which started with six men who just "liked to sing," until it grew into the present famous male chorus, which will soon celebrate its fiftieth anniversary. Mr. Thouron encouraged the Narberth Choral Society by earnest expressions of pleasure in the results of the first concert given in the School Auditorium, and stated it was difficult to believe such accomplishments possible by a town which had but a half dozen houses when he moved into the nearby community fifty years ago.

Many new applications were received last Monday night for active membership, and several applicants accepted.

### THE FIRESIDE

(Continued from Page 1)

Miss Ruth Haws, Miss Kathryn Johnston, and Mrs. C. B. Morton drove to Honeybrook, Pa., last Sunday.

When the price of daily papers was increased 100 per cent., it had the physiological effect of making everybody want a higher price. A reduction to 1 cent should have the same effect in reducing prices.

Yes, we tried to get some flowers planted last Saturday but we almost got drowned.

Quite a lot of Narberth "fans" saw "Babe" Ruth in the opening game at Shibe Park.

A committee from the Narberth Chamber of Commerce is arranging for a dinner on the occasion of the next regular meeting. Second Thursday of May. All business men of Narberth should be there.

Motorist (after hitting pedestrian)—"You were trying to cross the middle of the block."

Pedestrian—"What difference does it make? If I cross at the corner you will knock me into the middle of the block, and we might just as well begin there."

Mr. and Mrs. Fred Hermann, 109 Elmwood avenue, entertained Mrs. Gillis, Mrs. Firing, Miss Campbell, Mr. Harry Biggard, Edna Biggard, Beatrice Biggard and Mr. Beck at luncheon and 500 card party last week at their home.

Mr. and Mrs. G. H. Schulte, formerly of Elm Terrace, are occupying their new home in Glendale, near Los Angeles, California.

Mr. Edward E. Bailey, Landscape Gardener, is the contractor doing the work in that line for H. K. Strickler, who has just built a fine house on Montgomery avenue, just opposite Stipney's place. Over 400 tons of stone were required for the bed of the drive way, which will have a bitrolite surface. This home will be a pleasing addition to our community.

The King's Daughters will hold their rummage sale May third. Those having rummage will please leave at 106 Narberth avenue, or 212 Hampden avenue.

If articles cannot be carried, we will have them called for Monday, May second.

Please call Narberth 386 R, or 623 R if rummage is to be called for.

A most enjoyable time was had by those who attended the birthday party given in honor of Ruth Durborow last Saturday evening. The guests included Misses Francis Hart, Frances Keim, Helen Keim, Solveig Knutzen, Edythe Mann, Edith Shindle, Ruth Durborow, and Esther Durborow; also Messrs. Cecil Andrews, Ralph Fondersmith, Samuel Hartman, Thomas Knutzen, Philip Knutzen, Gerald Le Van, James McNiven, and Everett Phipps.

#### CONCERNING ASH COLLECTION

During the present month we will collect ashes every two weeks, unless there is a severe change in the weather, and starting with the month of May, the collections will be made during the last week of each month.
